

for seating and walls. Motifs range from ikat-inspired prints and textured plaids to clean, playful stripes and metallic accents. A variety of fashion-forward palettes are available, from cobalt and chartreuse to watermelon and oxblood (shown), as well as outdoor options through Sumbrella Contract.

6 Confetti by [Maharam](#)

The scattered placement of tiny circles on Hella Jongerius's latest pattern for Maharam appears to make the fabric dance. Confetti combines cotton and wool with metallic nylon yarn to create depth and texture. The pattern comes in nine colours and was created alongside Trees, another Jongerius textile launched at NeoCon in similar colourways.
